Examples for Honored Service Member Application Form 3: Top 5 Achievements

The HSM committee noted that Form 3 is often poorly written and does not capture the nominee's achievements and impact. Sponsors and Process Champions asked for some examples of well written achievements. **Note:** These are just examples of how an achievement and its results should be presented and <u>not</u> the only examples of the types of acceptable achievements.

Achievement	Result of Achievement
Converted newsletter from	reduced newsletter expenses from \$XX,000 per year to less than \$XXX
paper to electronic format	annually. Allowed for instantaneous distribution to XXX members as well as
	using it as a tool to recruit new members
Developed several products	Define products developed and what you did
that are being sold through	Develop XX book for SPE. Wrote chapter 3 on title of chapter.
the SPE bookstore, creating	Served on steering committee to develop SPE Plastics Technician's Tool Box
cash flow for SPE and these	and authored chapters XX
tools help SPE maintain its	
long standing position in	
education	
Chair Education Committee	revitalized scholarship program, modifying the application process to better
responsible for scholarships	emphasize technology and increased the number of targeted schools XX
and grants	scholarships totaling \$XXX were awarded that year
Championed creation of XX	Volunteered to chair SIG organizing committee after hearing the proposal from
SIG	the Divisions Committee at Council meeting Formed a 6 person organizing
	committee representing leaders in the industry, completed the needed steps
	and presented the SIG petition to council. SIG was formed and the first
	technical program was at ANTEC XXXX X sessions were held with X speakers
	and an average attendance of XX. Served as Chair of the SIG and some of the
	notable accomplishments were
Served as Chair of XXX Division	Implemented a revised mission for the division (detailed description of
from X to Y	mission)
	increased participation of student activities which resulted in \$XXX in
	scholarships
	recruited x new board members
	rolled out the division's writing technical writing contest which is supported by
	XX universities. This encourages students to participate in SPE and the division.
	XX scholarships were given
Served on organizing	Held a successful conference with excellent industry participation from
committee for XX technical	suppliers, manufacturers, raw material suppliers, etc. It was a X day
conference in conjunction	conference with XX speakers on a variety of topics and YY attendees. The
with 2 other SPE groups	conference yielded a profit of \$XXX. This allows the division to award
	scholarships (how much and how many) and provide \$XXX to SPE. It also
	allowed the division to

Initiated first Technical	The seminar was a success. Define topics and benefit to Section. XXX
Seminar for XX Section	attendees from 10 countries
	delivered \$YYY to Section and made us profitable again
Chaired XX conference and working with the facility developed a creative solution for space constraints.	Due to growth of our the conference both in sponsors and attendees, we had out grown the facility. The committee determined it was too disruptive to move to an new venue so a tent was constructed behind the facility to provide additional space. The outcome was the highest attendance ever for the conference with XXX registrants and a continued quality program The highest number of presenters at XX and the largest number of exhibitors and sponsors XX The highest grossing conference with \$XXX received.
Developed 4 successful	Worked with committee to develop RETEC session topics, recruited authors for
technical programs for X Division RETEC	4 sessions, conducted peer review of submitted papers and worked with authors for needed modifications
	Served as technical program coordinator collecting final technical papers, managing the speakers, their presentations and logistics of the program The conference was successful; there were XX attendees, XX speakers and the total revenue was \$XX
Served as President of X	Declining membership and interest in SPE, time constraints, economic
Section for 2 years	pressures have made serving as President challenging. I had 6 key goals for my term: reduce number of evening technical meetings, increase number of workshops, rejuvenate section website, establish web buyers guide and supplier directory, The results were: held x successful technical workshops, established an online buyers guide which made it easier for section members to locate suppliers and The revised website has improved navigation, up to date information about the section and technical articles
co-chair of RETEC	Led the RETEC committee. We held a X day event with XX speakers. The RETEC reported the highest attendance (XXX in attendance) generating \$XXX in revenue The successful RETEC assisted the division in generating income to create an SPE endowment scholarship fund. Each year x scholarships are awarded to students pursuing technical degrees with an interest in the plastics industry. Since 20XX we have awarded \$XX in scholarships.
Created initiatives that put XX	Shifted RETEC/TOPCON fees from a registration fee model to a sponsor driven
Section/Division on solid	model This reduced fees for members to attend from \$X to \$Y This
_	increased our attendance by X%. The sponsor model provided evening
value to members	receptions for networking and better venues for the conference. The overall financial benefit to the organization was \$XX.
Chaired the XX Conference and Exhibition	instituted procedures and led a team to develop a successful conference. We made the model repeatable The conference attracts XXX attendees, with speakers and attendees from XX countries. This was the Xth annual event The revenue was \$XXX which enables us to award \$XXX scholarships.

championed 2 methods to Reviewed and analyzed a new venue for the monthly dinner meetings. With increase attendance at Section increase attendance at Section the board's approval I selected a newly renovated hotel that was more convenient, had better food and a lower price model. The outcome of moving the meeting location was The second item was the develop joint meetings with neighboring sections. We now hold joint meetings and golf outings which has resulted in reorganized newsletter for XX As Chair of the XX Division there was a crisis because the division had lost its newsletter editor and publisher. Hed the process to hire a new publisher With the deadline for publication closing in 1 took on the additional responsibility as editor. I reviewed ard atricles, wrote division announcements, and worked with the publisher and SPE staff to get it published and distributed. The reorganized newsletter and its continued publication became a key competent enabling the Division to achieve the Pinnacle award Divisions Bylaws committee The XX Division updated its bylaws in XXXX. 1 served on the 3 person committee. I hosted the teleconferences and over 10 months every line and section of the old bylaws was reviewed, analyzed and discussed to determine its validity, sensibility and applicability.
